

# NEW/ADVENTURES

## **Young Associate Lighting Designer Guidance Notes for Applicants**

- All applicants applying for the Lighting Designer role must have completed an appropriate Degree or completed a relevant Apprenticeship Scheme, have graduated no more than three years ago and under the age of 30.
- We recognise that you can be an emerging Lighting Designer at any age, however there are specific reasons why we have this age restriction in place in order to keep true to the nature of this project.
- Knowledge of using Vectorworks is essential.
- Applicants must be UK or EU citizens and residing in the UK.
- Due to the expected number of applicants, feedback can only be provided to those shortlisted applicants.
- A willingness to travel around the UK is essential.
- This is a paid position.
