

**DISCOVERY CIRCLE**  
THE START OF A  
NEW ADVENTURE

# NEW/ADVENTURES

## Welcome to the Discovery Circle

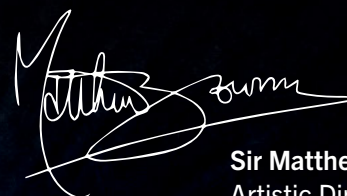

In such a challenging year, the support and encouragement from our audiences across the world has been invaluable to New Adventures and we have been humbled to welcome so many new supporters to our work, enabling us to reach, inspire and connect in a whole new way. The impact of COVID-19 has been devastating for the entire performing arts sector and we've missed performing together, for a live audience, more than we can say. As we now look ahead to our ambitious future and our return to the stage, we need your continued support more than ever.

New Adventures has been thrilling audiences with our unique theatrical storytelling for over 30 years, creating works that have altered the public perception of what is possible when it comes to telling stories without words. I'm proud that our productions tour nationally and internationally every year, delighting and inspiring millions worldwide.

But more than this, I am proud of our role as a leading supporter of new talent, committed to finding and nurturing the next generation of dancers, artists and audiences. We are passionate about diversifying the dance landscape so that we reach all areas of the community and ensure our work represents contemporary Britain.

In response to the generous support we've received throughout the pandemic, we are thrilled to introduce a brand-new level to our Discovery Circle, a group of supporters right at the heart of New Adventures charitable work. Our Adventurer level has been designed to enable more people to enjoy a deeper involvement in our work, sharing in the very best of New Adventures across the year. As we emerge from the pandemic, your support will help us to achieve our ambitions, increase our resilience and widen our impact. We would love to have you on this journey with us.

I look forward to meeting you soon and welcoming you to the New Adventures family.
